

Policy Change Regarding Graduation Participation

Students who are within two courses of completing the total semester credit hour requirements for their particular degree program can submit an application for graduation and, if all other requirements are met, will be allowed to participate in the annual spring semester commencement ceremony.

In order to participate in the graduation ceremony, an eligible student must submit his/her application for graduation to the Registrar's office and pay the \$30 application fee the semester prior to when he/she plans to graduate.

Students who are within two courses of completing the total semester credit hour requirements for their particular degree program and who choose to participate in the graduation ceremony will NOT be issued a diploma during the commencement ceremony. The diploma will only be issued upon successful completion and verification by the Registrar of the unfinished course work.
